Seafood Co-Op

You can walk to the seafood Co-op for a fabulous range of Oysters, prawns and seafood fresh each day for your Seafood BBQ dinner.

Northern Rivers Beef

There is a very good butchery in Woolli, next to the BP service station as you drive into Woolli where you can load up on cheap high quality Northern Rivers Beef. You will not be the first to lug an esky full of Northern Rivers Beef home with you when you leave this idyllic little seaside hamlet. You need to watch opening hours as these are erratic and change frequently so it's best to ring first.

Fresh fruit and veg is an issue and it is best to load up before you get to Woolli.

There are a few roadside stalls selling a limited range of fruit and veg on the way in to Woolli so it is best to arrive prepared on the fruit and veg department.
