heritage and culture

People have been drawn to this region since the first Maori visited around the 11th century. Farmers followed, then gold miners, then tourists.

Each has left rich evidence of their time here, providing a fascinating journey of discovery for the modern visitor. Gold panning in the Arrow River, a walk around the humble homes of the nearby Chinese Village followed by a visit to Arrowtown's Lakes District Museum powerfully evokes the hardships faced by the goldminers and their families.

A steamboat trip across Lake Wakatipu reveals a more gracious era. A tour of the Wakatipu Arts Trail outlines the creativity of the modern residents, while many locally produced events celebrate the here and now.

Check out the 10 day Winter Festival, celebrating winter's arrival to the region.

The Arrow River, just below Arrowtown was the setting for the Ford of Bruinen in 'The Lord of the Rings'. Arrowtown is also renowned for its café and restaurant culture and offers a range of unique accommodation in the town and surrounding area.

The town is a great starting point for many popular walking and biking trails (with bike hire available) or you can easily spend a relaxing afternoon after a morning round of golf browsing the art studios and boutiques followed by a visit to the Arrowtown micro brewery.
