Relax in Wonderful Wooli

Put yourself in the picture

Blue River Shack has been fully renovated to satisfy the demands of holiday makers. Featuring great outdoor living spaces, there is a large back deck with outdoor kitchen including a sink with hot and cold water, power points and loads of bench space. There is a large timber table with oodles of space to spread out and comfy chairs for relaxing. For added convenience a large bi-fold kitchen window opens fully bringing the kitchen and deck together for seamless entertaining. The back deck faces Wooli River and Yuraygir National Park on the opposite bank.

Enjoy washing off the sand and salt in the outdoor shower with hot and cold water.

There are 2 bedrooms, one queen size bed and the other a double and sleep out with 2 single beds. A plasma TV, CD player and DVD player provide entertainment while indoors. The house is fully air conditioned.

The house can happily accommodate a couple or small family. We love having families stay and we welcome pets. The yard is fully fenced and there is also a grassed courtyard at the front of the house.

Rest and Recharge

"Wow! There was something for everyone in our family at this fabulous house. The deck was perfect for relaxing/reading or watching the children as they

fished in the river. The well equipped kitchen kept the cook happy! Wet weather was not a problem with books, games and DVD's provided. We will definitely be back." *Chrissie - June 10*

"We had a beautiful mini break at your place. we'd never seen the area and fell in love with the sleepy fishing village. Loved the way you've renovated the shack but respected the integrity of the original, really great vibe. I must say your cleaner is brilliant the place is immaculate and I am cursed with an eagle eye" *Sharon— July 10*
